

JMD's Identify Theft and Fraud Prevention Product Catalogue

Secure Document and Information Destruction

Proposed Product	Product Specifications
<p><u>Stamp It OUT</u></p> 	<p><u>Product Description</u></p> <ul style="list-style-type: none"> • Protects sensitive personal information from exposure to potential fraud • The detailed pattern on the rubber stamp makes the information on the document very difficult to access and read • No need to shred to hide out a specific portion of the information, just stamp it • Ideal for concealing information such as name, address, Social Security, DOB and other personal ID such as bank account details on mailing letters and other confidential documents <p><u>Features</u></p> <ul style="list-style-type: none"> • Portable hand size stamp but sufficient enough to conceal a length of a credit card number and entire mailing information with a single stamp • Long lasting ink that does not dry out too quickly
<p><u>Hide-IT</u></p> 	<p><u>Product Description</u></p> <ul style="list-style-type: none"> • The detailed pattern cover sheet (which can also be customized) solution protects sensitive personal information printed on the document • With the patterned cover sheet covering the scanner glass and simply inserting the printed document in the printing tray will result in information being covered in a pattern making it difficult to access and read the information <p><u>Features</u></p> <ul style="list-style-type: none"> • Works with Copy machines and Multi-Purpose printers using the scanning glass capability

Docu Pulper

Product Description

Nano-DocuPulper is a desk top low-noise environmentally-friendly unit for document destruction for sensitive and confidential documents. It is easy to use and is an ideal alternative to noise making and difficult to handle shredders. Nano-DocuPulper reduces the paper to pulp after a 5 minute cycle. The resulting document destruction is impossible to reverse.

Features

JMD's D-1200 Solution helps to remove the print from paper and reduce it to pulp.

Other Supplementary Product:

Once reduced, the customer may dispose of the pulp. The **DocuPulper** product could further be used to turn the pulp into packaging peanuts and wood stove pellets.

JMD Shredder Scissors

Product Description

JMD Shredder Scissors offer an economical solution to protect the confidentiality of your sensitive documents. The 5 sharp stainless steel blades easily shred credit cards and receipts, bank statements and other documents where privacy is an issue.

D-1200 Cleaning Fluid

Product Description

D-1200 Cleaning Fluid is a "green" cleaning mixture for removing print from paper. D-1200 is available in gel or liquid form and can be provided in a convenient spray bottle.

<p style="text-align: center;"><u>D-823 Invisible Ink</u></p>  <p style="text-align: center;"><u>D-887 Imprint (left) and D-823 Imprint (right)</u></p>	<p>Product Description</p> <p>D-823 is a water based ink which can be applied to both porous and non-porous surfaces for security marking and is invisible under normal lighting but bright blue under ultraviolet lighting. See comparison below with visible ink D-887. <u>Protect your documents.</u></p>
<p style="text-align: center;"><u>Opaquing Ink Kits</u></p>  <p style="text-align: center;">Opaquing Ink Kit</p>	<p>Product Description</p> <p>An Opaquing Ink Kit comprising a stamp, print plate, inkpad and suitable opaquing ink (black or white) that can be used to stamp out text rendering it illegible.</p> <p>Stamps and Inkpads</p> <p>JMD stocks a large selection of stamps and inkpads for your Opaquing Ink Kit.</p>

Why you need JMD's Security Products

Supplementary Information

Background Information On Paper Waste:

- 90 million short tons of paper and paperboard used annually in America averaging 700 pounds of paper products per person each year.
- Each year more than 2 billion books, 350 million magazines, and 24 billion newspapers are published
- Approximately half of the paper used in America today is recycled, much of it coming from commercial business recycling programs
- Paper in the U.S. represents one of the biggest components of solid waste in landfills – 26 million tons (or 16% of landfill solid waste) in 2009
- The U.S. uses approximately 68 million trees each year to produce paper and paper products.

Background Information on the Growth of Identity Theft Crimes

- An estimated **17.6 million** persons, or about 7 percent of U.S. residents age 16 or older, were victims of at least one incident of identity theft in 2014 - Bureau of Justice Statistics (BJS)
- An estimated 8.6 million victims experienced the fraudulent use of a credit card
- 8.1 million experienced the unauthorized or attempted use of existing bank accounts (checking, savings or other)
- 1.5 million victims experienced other types of existing account theft, such as misuse or attempted misuse of an existing telephone, online or insurance account
